

A cartoon robot with a yellow head, blue body, and antennae is holding a large, light blue sheet of lined paper. The robot is positioned at the top center of the page, and the paper is draped over its body. The text "Second Grade News" and "August 23, 2010" is written in orange on the paper.

## Second Grade News

August 23, 2010

### Second Grade Aliens

Stop by and check out the "aliens" in second grade. We did a mini space unit which culminated in life-sized aliens appearing on the wall outside our classroom.

#### SWIMMING

Swimming will continue every day this week from 2-3. Students need to bring their swim suits, towels and sunscreen.

#### NWEA Testing

The second graders will be taking NWEA tests this week from 1:00 p.m. to 2:00 p.m. in the Elementary Computer Lab. These tests allow us to better meet our students needs based on information gained from the testing.

With new schedules and swimming it is really important to make sure your child is getting adequate sleep and eating a good breakfast everyday, especially on testing days.

# WELCOME

We have two new students-Rogelio Rangel and Brennen Potter. We would like to welcome our new friends to second grade.
