

School News 10/7

Wednesday, October 7, 2020, Day 34 -- We are still in-person!! Everything is business as usual. The staff, students, and parents continue to work towards our goal of staying open. Next week we will have parent/teacher conferences like we have not had before --some virtual, some by phone, some face-to-face. Today our Student Council is meeting to discuss Homecoming activities. Homecoming this year will definitely be different than what we are all used to, but the students are trying to put something together.
