

School News 12/17

If you are feeling the way I do, then together we can say "Goodbye 2020!" None of us could have ever imagined what our world and the world in general would be like. We found out, though!

It's time to look ahead. The year 2021 will be a new beginning for all of the old things. It won't happen right away, and will not be too soon. We need the old things. We need to see smiles, not masks. We need to work in groups, not cohorts. We need to go to restaurants, stores, our grandparents house, not quarantine. We need to fill the stands with people, not paper cutouts. The list goes on and on. Most of all we need to realize that we went through this together, not alone.

Our school staff, students, and community members should be very proud of a very successful first semester of the 2020-2021 school year. The elementary school made it through 71 days of a 71 day semester. The secondary school made it through 64 days -- not bad. We are looking forward to January 4, 2021, and the hope that it brings to all of us.

Wishing you all the Happiest Holiday vacation!
